

Michael Mhizha

SENIOR SOFTWARE ENGINEER • BACKEND SPECIALIST

📍 16545 Brundish, Chinhoyi, Zimbabwe • 📞 +263 783 913 244 • ✉ mmhizha96@gmail.com
🌐 Portfolio: mmhizha96.github.io/mysitemike • 🔗 linkedin.com/in/michael-mhizha-a708a0170

👤 PROFESSIONAL SUMMARY

Accomplished **Senior Software Engineer** and **Backend Specialist** with 3+ years of production experience architecting high-throughput enterprise web applications, transactional double-entry financial accounting engines, automated payroll microservices, and distributed cloud deployments. Proven expertise in **ASP.NET Core (C#)**, **Laravel (PHP)**, **Java**, **Angular**, **MySQL**, **Docker Swarm**, and **Nginx** load balancing. Strong background in relational database optimization, OpenAPI 3.0 API design, multi-tenant RBAC security, and technical team mentorship.

</> TECHNICAL COMPETENCIES

Backend & Microservices Architecture

ASP.NET Core (C#), Laravel (PHP), Java Spring, RESTful APIs, OpenAPI 3.0 (Swagger), Apache Kafka (Event Messaging), Keycloak SSO (Multi-Realm / X-Realm), JWT, RBAC, Double-Entry General Ledger Engines.

Cloud Infrastructure & DevOps

Docker, Docker Swarm (Clustering & Scaling), Nginx (Reverse Proxy & Upstream Load Balancing), MinIO (S3-Compatible Storage), Linux/Ubuntu Server, CI/CD Workflows, Git.

Database Engineering & Data Modeling

MySQL, Relational Database Normalization, Index Optimization, Multi-Tenant Partitioning, Transactional Integrity, Audit Trails & Change Logging.

Frontend & Soft Skills

Angular (15+), TypeScript, JavaScript (ES6+), Bootstrap 5, Chart.js, Technical Team Leadership, Code Reviews, Architecture Documentation, Mentoring.

📁 WORK EXPERIENCE

Software Developer (Acting Software Engineer) — Chinhoyi University of Technology March 2023 – Present

- **Development Supervision & Leadership:** Supervise software development processes, conduct peer code reviews, and establish architectural standards across enterprise university applications.
- **Hostel Management System (Sole Developer):** Designed and built an accommodation platform managing 10 hostels, 651 rooms, student self-service applications, automated allocation algorithms, and subwarden RBAC.
- **ICT Asset Register (Core Developer):** Engineered lifecycle tracking for 2,182+ hardware/software assets across 16 regions with real-time acquisition analytics, technician allocation, and disposal batch workflows.
- **Payroll Engine & General Ledger Microservices (Backend Developer):** Engineered high-concurrency payroll calculations (tax bands, proration, locked PDF payslips) and a double-entry accounting engine with strict debit/credit parity.

- **Infrastructure & Swarm Clustering:** Configured and deployed production environments utilizing **Docker Swarm** and **Nginx** for horizontal service replication, SSL termination, and zero-downtime rolling releases.
- **Core UIS Maintenance:** Maintained and updated the primary University Information System (UIS) source code to satisfy evolving institutional and academic workflows.

Sales Representative & ICT Specialist — Fuser Technologies, Harare

August 2022 – February 2023

- Demonstrated ICT software and hardware solutions to corporate clients, evaluating customer requirements to deliver tailored enterprise setups.
- Provided technical advisory, customer onboarding, and after-sales support, increasing user retention and satisfaction.

 EDUCATION

Bachelor of Science Honours Degree in Information Technology

Chinhoyi University of Technology

Aug 2017 – Dec 2021

Graduated with a First-Class Degree

Advanced Level (A-Level)

High School Studies

Jan 2014 – Dec 2015

Awarded 3 A-Level Passes
